A.

Cat lovers and dog lovers have been debating which pet is better for a long time. Dog lovers say that their pets are smarter, more loyal, and friendlier than cats. They are also a lot fun to play with. Cats, on the other hand, are very clean and they don’t make much noise. Cats will sit quietly on your lap and look very cute when they are playing, but they are also keen hunters. In the end, the only thing that matters is which animal you prefer, not which one is better.
